

Skin Barrier Film

Clean. Comfortable.
Confident.

QTY: 50/Box
PART #: SNS220

HCPC CODE: A5120

Features & Benefits:

- New individually packaged protective wipes.
- Provides a transparent protective coating onto the area applied.
- Protects the skin from dressing tapes and damage caused by adhesives.
- Provides a protective barrier film layer on the skin, for use under wafers, tapes and hydrocolloid dressings to help protect against irritation and adhesive buildup.

Safe-N-Simple Wipes are a great alternative to Covidien Clean Cote Wipes

(Part #UP220)
